

## **New Look. New Experience. Same SmartHub.**

*Look for a refreshed and enhanced new mobile app this fall!*

Swisher Electric's SmartHub online and mobile app provides a lot of features that help you manage your account, from billing and payment info to detailed account information. It's a great tool to help you access your account information on the go or online.

This fall, Swisher Electric will be rolling out a new upgrade for the SmartHub mobile application that will help you get to the features you need quickly and efficiently.

First, you'll notice the mobile app will have a fresh, new look. When you open the app, you'll be able to see your account details right up front or can contact us with the click of a button right from the home screen.

This new user experience makes it easy for us to communicate important information with you when you. Billing, payment and other features will be available with one click of a button in a new condensed bottom menu.

Look for these changes coming this fall! We hope these app updates will help provide a more user-friendly and efficient experience. All of the features you love about SmartHub now will still be available, just with a refreshed look and an enhanced user experience.

Look for the changes coming this fall! New Look. New Experience. Same SmartHub.
